This powerful group of females sell in the Ettrick consignment. From left are, Ettrick Augusta Gertie, Lot 59; Ettrick Augusta Lady, Lot 63; Ettrick Maude, Lot 66; Ettrick Crocus Janet, Lot 62; Ettrick Mabel Dulcie, Lot 55; Ettrick Mabel Mavis, Lot 64; Ettrick Princess Bonnie, Lot 54; Ettrick Augusta Juliet, Lot 65. In the background is Scotsdale Marshal, sire and service sire of much of the Ettrick offering.

The senior get-of-sire by Aberfeldy Captivator was second at the 1964 International Livestock Exposition for Aberfeldy.

This get-of-sire by Aberfeldy Royal Robin was first in class at the 1964 Royal Winter Fair and Canadian National Exhibition and third at Chicago for Aberfeldy.

Twenty years ago when I started in this work, two of the strongest herds of the breed were Scotsdale and Aberfeldy. They were leaders then . . . and every year since has seen them increase in stature.

During these years I have watched Scotsdale and Aberfeldy battle it out in two of Canada's strongest shows . . . the Canadian National Exhibition and the Royal Winter Fair. Almost without exception . . . year in, year out . . . one of them would win the Premier Breeder and Premier Exhibitor awards with the other nipping close at its heels.

I have watched scores of good herds throughout the country take great steps forward with seed stock from Scotsdale and Aberfeldy. Often I thought to myself what a powerful thing it would be for the breed if these herds joined forces in an auction.

Now that day has come. And, in

First-prize junior get-of-sire at the 1964 International was shown by Aberfeldy. They are by Aberfeldy Captivator.

addition, there is included an outstanding draft of females from the fine Ettrick herd of Norman Hogg, Uxbridge. Without doubt, Ettrick is among the very best of the new herds established in the past decade. It was founded with the very best and that is why they can hold their own in the stiffest competition today.

The International in Chicago has long been the yardstick measuring the breed's best. The record of Aberfeldy there in

Second-prize junior get-of-sire at the 1964 International was this trio by Naemoor Escort shown by Scotsdale.

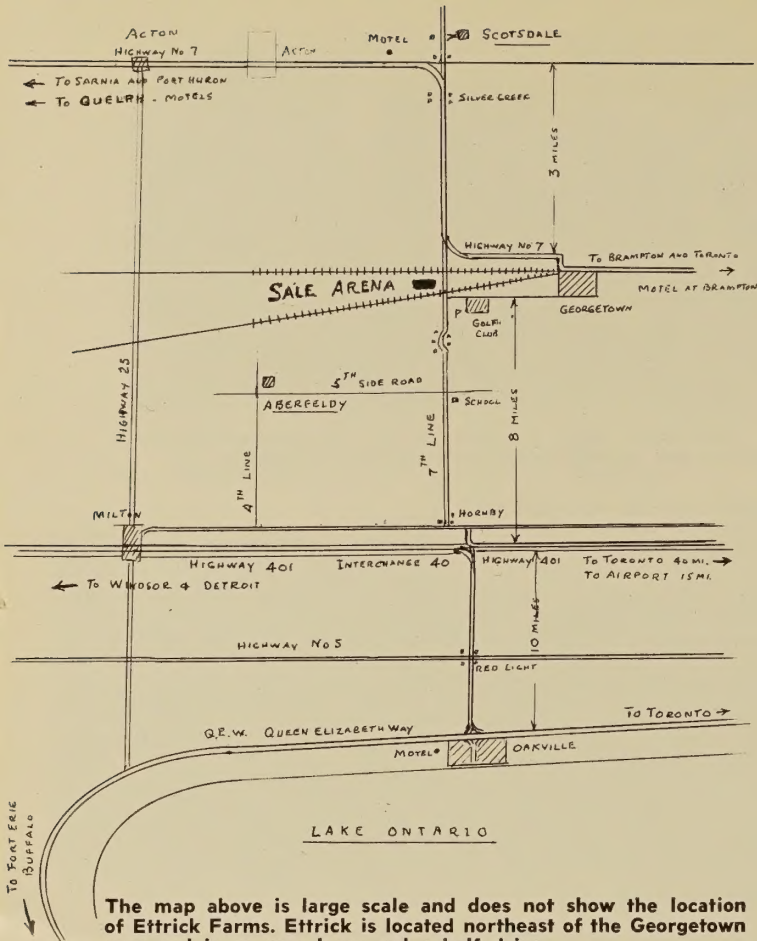

the last three years can be matched by no other herd.

Anyone really wanting to get ahead through the purchase of new blood should certainly be on the seats at this sale.

AN UNPARALLELED RECORD!

Few Shorthorn herds in history have compiled such an impressive list of winnings at the major livestock shows of the continent. Not just one year, but every year, Aberfeldy bulls and females dominate the show-ring and All-American awards. How much proof do you need to show that Aberfeldy is one of the breed's most important sources for stock bulls and foundation females.

ABERFELDY ROYAL ROBIN

Rarely does a sire of the power and prepotence of Aberfeldy Royal Robin come along. Many times a champion, he is even more famous as a sire of champions. He sired three consecutive grand champion bulls at the Royal Winter Fair, the supreme champion of the 1963 International, reserve champion bull at the 1964 International and reserve champion female of the 1963 International. In addition his sons and daughters have won numerous get-of-sire awards and 15 All-American nominations. This sale provides an unmatched opportunity to acquire his get and service. Three sons and six daughters sell.

The great Aberfeldy Royal Robin is shown winning a championship at the 1961 Canadian National Exhibition where sons and daughters later rolled up an impressive list of winnings. At the halter is John McKinnon, Aberfeldy herdsman who has developed many of their champions.

This senior get-of-sire by Aberfeldy Royal Robin was first in class at the 1963 International Livestock Exposition for Aberfeldy.

DUNCRAHILL BUFFALO BILL — This impressive looking imported bull was purchased for service at Aberfeldy the year Aberfeldy Royal Robin was born. With the great success of Robin's, his use has been limited at Aberfeldy. Nevertheless, we feel fortunate to have him as his offspring have done well for us. Some seven daughters sell and they will attest to his ability as a sire.

TRAIN AND PLANE INFORMATION

By air . . . Chicago to Toronto

Trans-Canada Airlines has about eight flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport.

By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 9 p.m. and arrive in Toronto around 10 a.m. The train from Toronto for Chicago leaves about 11 p.m. **These times are approximate.**

By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round-trip airline ticket from Chicago-Toronto is only about \$55. Rail about the same. Traveling alone it is difficult to beat this by car.

Millhills Beauty 7th is the granddam of Aberfeldy Exchequer, Lot 1A. She was purchased by Calrossie for 1,800 gns. in the Millhills dispersion.

MEETING YOU IN TORONTO —

We will be happy to meet your train or plane in Toronto if you will give us sufficient advance notice of your arrival. Georgetown is only 15 miles from the Toronto airport. Car rental facilities are also available for those who prefer to drive by themselves. The map on page 4 will lead you directly to Georgetown. When you arrive at the airport, a representative of the sale will meet those who give advance notice near the Trans-Canada Airlines flight information desk. Should you miss connections, feel free to call any of the consignors or the sales arena A.C. 417 877-4101. The consignors telephone numbers are listed on page 4.

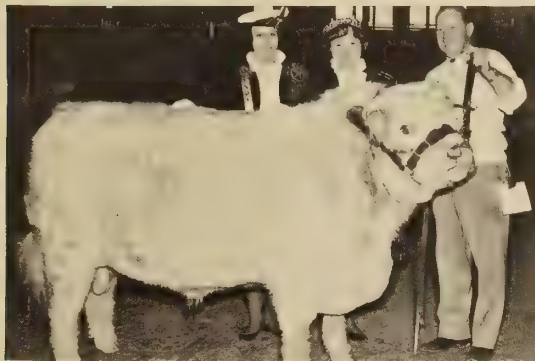

Cars will return to the airport and rail terminals following the sale.

We urge you NOT to make connections so close that you arrive in Toronto Monday morning. Although the airport is only about 15 miles from the sales arena, and we will be happy to meet late arrivals, your stay will be more enjoyable if you arrive on Sunday to inspect the cattle and be our guest at a buffet dinner that night.

AND NOW

WHICH BULL WOULD YOU RATHER OWN?

THE 1963 INTERNATIONAL GRAND CHAMPION

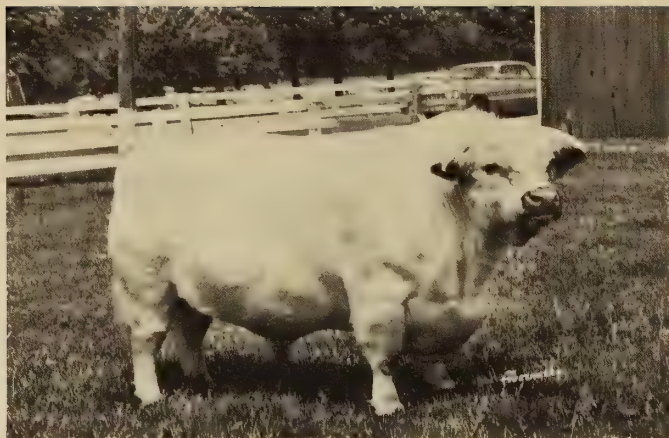

or

THE 1964

INTERNATIONAL RESERVE GRAND CHAMPION

Rarely is one herd fortunate enough to breed an International grand champion. Seldom are they ever sold. Aberfeldy had the great good fortune to breed two great half brothers by Aberfeldy Royal Robin. Aberfeldy Deacon was twice grand champion at the Royal Winter Fair and was 1963 International grand champion. Aberfeldy Exchequer was 1964 Royal Winter Fair grand champion and reserve grand champion at the International.

Since the sire of these bulls, Aberfeldy Royal Robin, is still going strong, one of his great sons can be spared. Who is to say which son will be the better breeding bull? Aberfeldy has confidence in both. They will be led into the ring at the same time. At the conclusion of the bidding the buyer will make his choice and the other bull will be retained at Aberfeldy.

ABERFELDY DEACON, Lot 1

ABERFELDY DEACON — All-American senior yearling bull of 1963 being undefeated at Canadian National Exhibition, the Royal Winter Fair and Chicago International. He was also the supreme champion at 1963 Royal and Chicago, repeating the same honour he won at the 1962 Royal. Deacon was retained for herd bull insurance following the temporary loss of service of his sire in 1964. A few of his calves can be seen at the farm. They are showing great promise. With the outstanding success of his sire, we could not afford to use him as much as possible, so Deacon has not been able to demonstrate his true worth as yet. It was always our ambition to breed an International champion, and we feel Deacon can do the same for you. Weight August 1, 2,100 pounds.

We are offering the choice of these two great bulls and wish to retain the other. It is quite possible one might breed better than the other, but in this way the purchaser has an equal chance to own his choice. Here's an opportunity to buy your choice of two All-American half brothers, both Royal champions, one a Chicago International supreme champion and the other a reserve International grand champion.

**Calrossie Prefect,
Perth supreme
champion**

CALROSSIE PREFECT

Rarely, perhaps only once or twice in a decade, does there come on the scene a bull that is truly a history making sire . . . a bull where influence carries on down through succeeding generations.

Calrossie Prefect, 1951 Perth supreme champion, was such a sire. A near-perfect individual he stamped his calves with his likeness. It is fortunate for the breed that this bull went into what was the breed's power-house cow herd . . . Scotsdale.

It is even more fortunate that S. G. Bennett believed in a line-breeding program which would "lock-in" the Calrossie Prefect influence. In addition to using this Perth champion, an impressive line.

of sons, grandsons and great-grandsons were used in the Scotsdale program . . . sons like the International grand champion Scotsdale Jupiter. Jupiter in turn sired Scotsdale Navarre, Royal Winter Fair champion and great sire. Today two of Navarre's sons are being used at Scotsdale.

In many Scotsdale pedigrees you will find Calrossie Prefect appearing more than once. Each time Prefect blood was intensified the result was even more size, bone, substance and great fleshing.

Never before . . . and perhaps never again . . . will breeders have an opportunity to buy as much of the blood of Calrossie Prefect.

**Naemoor Escort, Perth
supreme champion, was
chosen to follow the
Calrossie Prefect influence
at Scotsdale. At the 1964
International, the first Escort
calves made up the
second-prize junior get-of-sire.**

SCOTSDALE VALIANT — A thick, well-fleshed, bull by Naemoor Escort, reserve supreme champion, Perth 1962. His dam is an imported Calrossie Clipper whose granddam is the mother of Calrossie Prefect.

Naemoor Escort, Perth reserve supreme champion

Scotsdale Ucaria Eliza, one of the first daughters of Naemoor Escort, won her class at the 1964 International Livestock Exposition and the Royal Winter Fair and was an All-American.

NAEMOOR ESCORT — Naemoor Escort was Perth reserve supreme champion in 1962 where he was purchased for Scotsdale. His sire, Bapton Controller, was Perth champion in 1957 and sold for 6,500 gns. Bapton Aurora was exported to the Argentine for 5,000 gns. Beaufort Augusta 3rd was supreme champion at the English Royal. Bapton Enterprise was sold to Argentine for 12,000 gns.

The dam of Escort was by Calrossie Defiance that was a full brother to Calrossie Paramount, the Perth Supreme champion, and to Calrossie Armada, used with great success at Louada. The maternal granddam, Calrossie Broadhooks Anne, is one of the great cows of all time. Be sure to read the history of her descendants in the 1965 Herd Bull Number of The Shorthorn World. Calrossie High Tension, the maternal grandsire, was reserve champion at Perth where he sold for 3,500 gns. He was a half brother to the great Bapton Constructor.

Naemoor Escort in his first crop of calves sired the second-prize junior get-of-sire at the International Livestock Exposition and the undefeated junior yearling female of 1964.

Above is Scotsdale Navarre, supreme champion of the 1961 Royal Winter Fair for Mr. and Mrs. S. G. Bennett. He is typical of the great Scotsdale stock bulls which long have been famous for size, substance and unsurpassed character.

Don Longley presents the trophy for the best pair of bulls to Mrs. S. G. Bennett of Scotsdale at the 1961 Royal Winter Fair. The bulls are Scotsdale Royalist, left, and Scotsdale Navarre.

SCOTSDALE

A Tower of Breed Strength

For more than a quarter of a century, Scotsdale has been one of the most respected names in the breed. The program there has continuously placed emphasis on size, substance, character and carriage with the result that breeders throughout the continent look to Scotsdale for powerful stock bulls. Such a reputation is no accident. Skillful blending of the best bloodlines in the world and careful line-breeding to the immortal Calrossie Prefect have given the Scotsdale herd the indelible stamp of uniformity and quality that few ever achieve.

Scotsdale Ultimus, junior sire at Scotsdale, was junior and reserve grand champion 1964 C.N.E. He is by Scotsdale Navarre.

SCOTSDALE UNIQUE PRINCESS — Bred March 12, 1965, to Scotdale Ultimus, junior and reserve grand champion C.N.E. 1964. Sire: Naemoor Escort, reserve supreme champion, Perth 1962. THE ABERFELDY FEMALES

Few herds in the world include as many famous females as Aberfeldy. The Gardhouse family has owned the herd for more than a century and almost every year outstanding additions have been made to the foundation. These have included powerful importations from Scotland, champions and top sellers from throughout the continent and — most important — daughters of a long succession of history-making Aberfeldy stock bulls. Probably no herd in the world contains as many International champion females. Their sons and daughters are among the features of the offering. Few females are sold from this great herd so that the 23 being offered on September 27 represent one of the rare opportunities to select from the very heart of the herd.

A few of the young brood cows on pasture at Aberfeldy.

JIM

Aberfeldy Clipper Alice 2nd, twice an All-American, is one of the great young females at Aberfeldy. She is a full sister to ABERFELDY CLIPPER ALEDA, Lot 30.

ABERFELDY CLIPPER ALEDA — It was not our intention to part with this valuable female, and we offer her only as an attraction. Study the depth of the best bloodlines available in this pedigree and see what her full sister has done for us at Aberfeldy. Aberfeldy Clipper Alea is a full sister to Aberfeldy Clipper Alice 2nd, twice an All-American winner. Her first calf is perhaps the best young female on the farm. Her second calf looks as promising as any Captivator to date. Here is an opportunity to buy a daughter of Calrossie Forward March from a Millhills Champion dam. Bred to the great prospect Aberfeldy Field Marshall on March 19, 1965.

ABERFELDY BROADHOOKS LOLA — A beautiful daughter of Calrossie Diamond whose get won the All-American award in 1964. In the Leveldale and Melbourne herds he has piled up a great record having sired many champions including the 1964 International champion female. Leveldale Broadhooks Lola, by the good-breeding Calrossie Tradewind, was purchased in the Leveldale sale at \$1,675. Bred since March 23, 1965, to Aberfeldy Field Marshall.

ABERFELDY PRINCESS — A daughter of Duncrahill Buffalo Bill out of a Calrossie Troubadour dam. Calrossie Troubadour females have proven their worth not only at Acadia but for those other fortunate owners of them. Acadia Princess Stevie 2nd has an outstanding July yearling bull and another that shows equal promise just born July last. Bred April 9, 1965, to Aberfeldy Field Marshall.

At right is Sandy Cross of Rothney Farms, Midnapore, Alta., talking with Mrs. Hogg and son Ian at the 1962 Louada sale. Mrs. Hogg takes a lively interest in the herd and is active in Lassie work. Ian is a prominent winner in Canadian junior Shorthorn shows.

Mary Hogg was among the top winners in Canadian 4-H club work and still is a strong Shorthorn booster. She is shown here (left) with her 4-H steer, Mr. Wib.

Norman Hogg, on fence, enjoys a story with Bill Cameron of Rothney Farms at the 1963 Louada sale. Hogg is a highly successful Toronto business executive and is head of the Canadian 4-H Club Council.

ETTRICK — SYNONYMOUS WITH QUALITY

As these pictures show, Shorthorns at Norman Hogg's Ettrick Farm are a family project. The herd has been founded on the best females available in North America and Scotland and was strengthened by a draft of females from the world famous

Bapton herd after its importation from Scotland. In keeping with their policy Ettrick will offer a few imported females whose daughters are being retained in the herd. Here is an opportunity to buy females of true foundation calibre.

To our friends in the Shorthorn fraternity:

We are delighted to once again be associated with Aberfeldy and Scotsdale in this sale. We sincerely hope that our cattle and our breeding programme will be of interest to you and that sometime soon you will find time to visit us at Brookdale, Uxbridge, where you will find a warm welcome from Maurice Baker, Sid Kent, and ourselves.

The Hoggs

This powerful group of females sell in the Ettrick consignment.
